

Summer Reading

From the day children are born until they graduate from high school, they spend just 15 percent of their waking hours in school. The other 85 percent is spent outside school, most of that time is spent at home.

That means that parents are their children's most influential teachers. Fortunately, children are naturally curious and love to learn. Please assist us by bringing your son/daughter to the library during vacation to fulfill their summer reading requirement. All students entering grades one (1) through eighth (8) are required to read two books during their summer vacation.

<u>Grade</u>	<u>Title</u>	<u>Author</u>
